VIGO
ELECTRIC CAPABILITY, READY FOR ADVENTURE

BUILT TO GO FURTHER

The Dongfeng VIGO is engineered for drivers who want electric mobility without limitations. Confident, capable and versatile, it blends modern EV technology with practical performance — ready to take on daily demands and weekend escapes with equal ease.

Designed with a strong stance and intelligent functionality, the VIGO delivers dependable electric power, generous space and smart features that support life on the move.

CONFIDENT ELECTRIC PERFORMANCE

The VIGO delivers smooth, responsive electric performance designed for real-world driving. From city streets to open roads, it offers controlled power and stability you can rely on.

FEATURES

- Drive Type: FWD
- Electric Motor: Permanent Magnet Synchronous Motor (PMSM)
- Max Power: 120 kW
- Max Torque: 230 Nm
- 0–100 km/h: 7.8 s
- Top Speed: 150 km/h
- Electric Range: WLTP: 340 km / CLTC: 471 km

**Overseas model shown*

CHARGE SMARTER.
GO FURTHER.

Designed to fit seamlessly into everyday life, the VIGO's charging capability makes electric ownership simple and stress-free.

FEATURES

- Battery Capacity: 51.87 kWh
- AC Charging (Max): 6.6 kW
- DC Fast Charging (Max): 167 kW
- Charging Time (30–80%): 18 minutes
- Battery Cooling: Direct Refrigerant

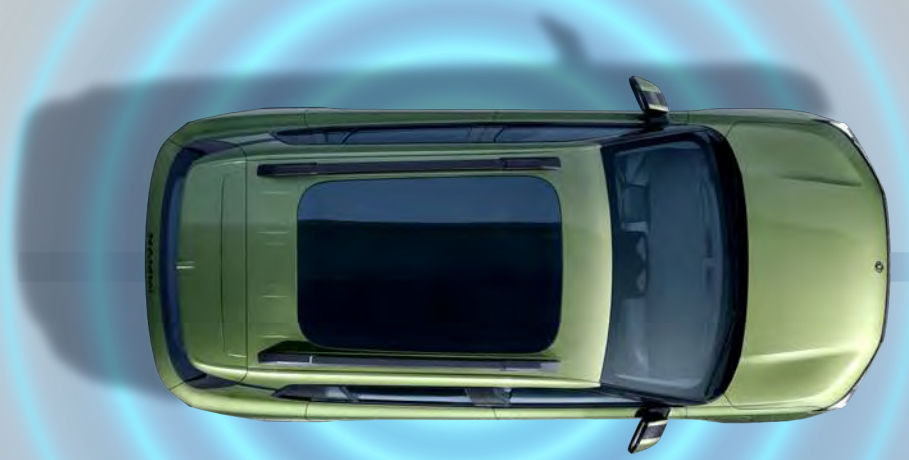

SAFETY YOU CAN DEPEND ON

Advanced safety technology in the VIGO works continuously to support the driver, providing confidence across every journey.

FEATURES

- Autonomous Emergency Braking (AEB)
- Forward Collision Warning
- Adaptive Cruise Control with GEM Traffic Assist

IMPORTANT INFORMATION

Distributor Information

Armstrong’s Distribution Ltd offers this specification sheet as a general guide to product information. All details are believed to be correct at the time of publication but are subject to change without prior notice. Vehicle specifications, features, equipment, and colours may vary from the final New Zealand specification or may be temporarily unavailable. Images and descriptions are for illustrative purposes only; actual vehicles may differ. Range and energy consumption figures are based on standard test results and may vary depending on driving conditions, vehicle load, and environmental factors. Figures are based on manufacturer’s CLTC data and have been converted to WLTP using the official NZ Government calculator. As development is an ongoing process, changes may occur from time to time which will not necessarily be reflected herein. Armstrong’s Distribution Ltd reserves the right to change specifications, features, and pricing without notice. This specification sheet should not be regarded as an infallible guide, nor does it constitute an offer for sale of any particular vehicle. The final specification of the vehicle will be confirmed closer to the model launch in Q1 2026.
